Computer Science could be viewed as a discipline supported by the pillars - Hardware, Software, Systems Software and the Theory behind computing. Though started in the middle of 20th Century, this discipline has seen rapid changes and the fastest growth ever since mankind has started. Currently, Computing has become inseparable from Human life.It has found a prominent place in our day to day life and we are struggling to cope with it. The mission of Computer Science & Engineering department is to impart knowledge to students and researchers to pave a solid foundation in problem solving using computers. The department has been started in the year 1987 and as of today, it offers an undergraduate program B.E (CSE) and two Post graduate programs viz., M.E (CSE) and M.E (Software Engg).The department is augmented with well qualified Faculty with rich teaching and industry experience and has adequate Laboratories. Apart from teaching, our faculty members have published research papers in National and International journals. Our students undertake Internships in leading MNCs and are placed in reputed Organizations across the globe. Some of our Alumni have grown to great heights and they constantly interact with the department. We strive to provide students the necessary ambience to embellish their knowledge and skills to achieve their long term goals.

Placement & Training

Profile

PSG College of Technology has an independent Placement Office facilitating campus recruitment for multinational and national organizations. It is headed by a Professor designated as Dean, Placement & Training and he is supported by Placement Officer and a full time placement coordinator. The office is also assisted by student coordinators who lead a team of placement representatives of various programmes. The placement office ensures and takes care to provide the best environment and hospitality for the visiting companies' officials.

The placement office, functions in a separate air conditioned block with state-of-the-art facilities for conducting Pre Placement Talk, Written Test, Group Discussion and Interviews and has steadily progressed over the years in enhancing the placement potential effectively. It plays a very important and key role in counseling and guiding the students of the college for their successful career.

More than 90 reputed National and Multinational companies visit our institution for campus recruitment annually.

PSG College of Technology is ranked one among the top fifteen National level technical Institutes, in terms of the number of students receiving placement offers from reputed organizations from all over the country.

Dean's Desk

Greetings from the Placement Office of PSG College of Technology!

Thank you for your interest in our institution. Our placement office strives to ensure the best environment for companies to conduct their recruitment drives, smoothly and efficiently. We facilitate recruitment drives in both in-campus and virtual modes, to enhance the placement potential of every graduating student of PSG College of Technology. Our placement office is equipped with the state-of-the-art facilities to conduct all placement related activities such as Pre-Placement Talks, Written / Online Tests, Group Discussions and Interviews. Our office guides and counsels students of our institution for successful placement and career.

Our students, shaped by all-encompassing vision of our institution, are well rounded budding professionals, excelling in both technical and soft skills. With autonomous status, our institution ensures that our students undergo a vigorous and exuberant teaching & learning process, amassing knowledge about both foundational concepts and latest advancements in their respective fields.

More than ninety reputed National and Multinational companies visit our institution for campus recruitment annually. Our institute has very impressive placement record. The testimonials of some of our close industry partners can be found here.

PSG College of Technology is ranked one among the top fifteen National level technical Institutes, in terms of number of students receiving placement offers from reputed organizations from all over the country. The Ministry of Education has ranked PSG College of Technology as 49th among all the Engineering Institutions of India.

We welcome you to explore the information on our placement process (both full time and internship), curriculum of various academic programmes, departments, institution, and accreditation achievements.

If you need any clarification or information, please feel free to contact us.

Research - Brief

Research

The Department has undertaken research projects sponsored by AICTE, UGC, DST, DRDO, Nokia, and CORDYS. The Department has signed MoUs with CORDYS, Yahoo, HP, Emurgo, Nokia, Verticurl and Impiger. The department has established specialised laboratories on Open Source Systems, Bigdata & cloud computing and Centres of Excellences in Artificial Intelligence, Security Infrastructure and Assistive devices with CTS, CORDYS, Yahoo, Nokia, Impiger, HP and DST. The major areas of research and consultancy of the department include Artificial Intelligence & Machine Learning, Cloud Computing, Computer vision, Assistive Devices, Modeling and Simulation, Communication Networks, Privacy & Security, Big Data Analytics

Student Association

CSE Association

CSEA, the disciplinary association for the Department of Computer Science and Engineering, stands as a platform to help the students enhance their practical knowledge through various events like group discussions, seminars, workshops and guest lectures. The association also helps the students improve their technical skills through various competitions throughout the year.

Faculty Advisor: Ms.Arul Jothi S

Secretary: Shivani B

Joint Secretary: Dhilip Sanjay S ,

Treasurer: Gowreesh R, Aishvarya G, Janarthanan K, Adhitya Sreeram, Harismithaa L R

S.No.	Date of the Event	Title of the Event	Event Summary
1	07/05/2021	Placement and Career Opportunities	Guest lecture
2	31/03/2021	Digital Marketing and its Trends	Guest lecture
3	27/03/2021	Introduction to Android Security	Guest lecture & Hands on session
4	21/01/2021	Tech war	Technical event for Iyr students
5	20/01/2021	Brainworks	Technical event
6	18/10/2020	Kaun Banega Codepathi	The event is more similar to the well-known television programme “Kaun Banega Crorepati?” which is a quiz-based game. Unlike this television show, In “Kaun Banega Codepathi? ”the plan is to throw questions more related to computer science stream.
7	18/10/2020	Kryptomaniac	Kryptomaniac basically deals with cryptography and steganography. This event also includes a coding round, where the participants have to code the logic of encryption. No previous knowledge of encryption techniques required.
