Welcome to PSG College of Technology

PSG College of Technology, an ISO 9001:2015 certified institution is one of the foremost institutions founded by the PSG & Sons' Charities Trust (1926). The College was established in the year 1951 and the Founders wisely decided to locate it in the same campus as the PSG Industrial Institute for effective industry-institute interaction.

Provide world-class Engineering Education, Foster Research and Development. Evolve innovative applications of Technology. Encourage Entrepreneurship. Ultimately mould young men and women capable of assuming leadership of the society for the betterment of the Country.

B.E (Electronics and Communication) - PSG College of technology under Bhatrathiar University - 1989

M.E (Computer Science & Engineering) - PSG College of Technology under Bharathiar University - 1991

Date of Joining: 04/09/2000

Ph.D (Computer Science) - PSG College of Technology under bharathiar University - 01/01/2006

Computer Science could be viewed as a discipline supported by the pillars - Hardware, Software, Systems Software and the Theory behind computing. Though started in the middle of 20th Century, this discipline has seen rapid changes and the fastest growth ever since mankind has started. Currently, Computing has become inseparable from Human life.

It has found a prominent place in our day to day life and we are struggling to cope with it. The mission of Computer Science & Engineering department is to impart knowledge to students and researchers to pave a solid foundation in problem solving using computers. The department has been started in the year 1987 and as of today, it offers an undergraduate program B.E (CSE) and two Post graduate programs viz., M.E (CSE) and M.E (Software Engg).

The department is augmented with well qualified Faculty with rich teaching and industry experience and has adequate Laboratories. Apart from teaching, our faculty members have published research papers in National and International journals. Our students undertake Internships in leading MNCs and are placed in reputed Organizations across the globe. Some of our Alumni have grown to great heights and they constantly interact with the department. We strive to provide students the necessary ambience to embellish their knowledge and skills to achieve their long term goals.

Dr.Sudha Sadasivam G. ,
Professor & Head

About

The Department of Computer Science and Engineering, with its dedicated body of well-qualified faculty, technical staff and students, is committed to be an international, multi-disciplinary center of excellence in Computer Science and Engineering through education and research. It has partnerships with other leading Academic Institutions, Government and Industrial sectors. It has acquired generous grants from global organizations like the World Bank, Swiss Development Co-operation for Manpower Development, the Department of Electronics, VSSC, AICTE and the Ministry of Information Technology, DBT, DST, DRDO and UGC. The department carries out consultancy work with organisations like Cloudera, Impiger, Cordys.

The Vision of the Department is to become a global leader in education and research in the field of Computer Science & Engineering for societal benefit.The mission of the department is to

- Develop high quality Computer Science & Engineering graduates with technical and professional skills.
- Foster research to solve real world problems with emerging technologies and social consciousness.

The department has state of art laboratories in Open source systems, Networks, Software Engineering, cloud computing, embedded systems and big data analytics The department also hosts center of excellence in Assistive Technologies and Artificial Intelligence.

Vision

To become a global leader in education and research in the field of Computer Science & Engineering for societal benefit.

Mission

The mission of the department is to- Develop high quality Computer Science & Engineering graduates with technical and professional skills.- Foster research to solve real world problems with emerging technologies and social consciousness.

Placement & Training

Profile

PSG College of Technology has an independent Placement Office facilitating campus recruitment for multinational and national organizations. It is headed by a Professor designated as Dean, Placement & Training and he is supported by Placement Officer and a full time placement coordinator. The office is also assisted by student coordinators who lead a team of placement representatives of various programmes. The placement office ensures and takes care to provide the best environment and hospitality for the visiting companies' officials.

The placement office, functions in a separate air conditioned block with state-of-the-art facilities for conducting Pre Placement Talk, Written Test, Group Discussion and Interviews and has steadily progressed over the years in enhancing the placement potential effectively. It plays a very important and key role in counseling and guiding the students of the college for their successful career.

More than 90 reputed National and Multinational companies visit our institution for campus recruitment annually.

PSG College of Technology is ranked one among the top fifteen National level technical Institutes, in terms of the number of students receiving placement offers from reputed organizations from all over the country.

Dean's Desk

Greetings from the Placement Office of PSG College of Technology!

Thank you for your interest in our institution. Our placement office strives to ensure the best environment for companies to conduct their recruitment drives, smoothly and efficiently. We facilitate recruitment drives in both in-campus and virtual modes, to enhance the placement potential of every graduating student of PSG College of Technology. Our placement office is equipped with the state-of-the-art facilities to conduct all placement related activities such as Pre-Placement Talks, Written / Online Tests, Group Discussions and Interviews. Our office guides and counsels students of our institution for successful placement and career.

Our students, shaped by all-encompassing vision of our institution, are well rounded budding professionals, excelling in both technical and soft skills. With autonomous status, our institution ensures that our students undergo a vigorous and exuberant teaching & learning process, amassing knowledge about both foundational concepts and latest advancements in their respective fields.

More than ninety reputed National and Multinational companies visit our institution for campus recruitment annually. Our institute has very impressive placement record. The testimonials of some of our close industry partners can be found here.

PSG College of Technology is ranked one among the top fifteen National level technical Institutes, in terms of number of students receiving placement offers from reputed organizations from all over the country. The Ministry of Education has ranked PSG College of Technology as 49th among all the Engineering Institutions of India.

We welcome you to explore the information on our placement process (both full time and internship), curriculum of various academic programmes, departments, institution, and accreditation achievements.

If you need any clarification or information, please feel free to contact us.

Dr.Nadarajan R. ,
Dean - Placement & Training.

Your Bright Future is Our Mission

Welcome to PSG College of Technology | Dr. GRD Memorial Library

About Dr. GRD Memorial Library

Our Dr. GRD Memorial Library has rich collection of books, journals and e-resources catering to students, research scholars and faculty members. Presently, over 2.60 Lakhs books, 13053 CDs/DVDs and 217 printed journals are possessed by the library access to more than 1078 online electronic journals. The library is automated having an online portal that can be easily accessed by the users. The library implemented PSG-ILMS which is an integrated Library Management System that supports all housekeeping operations of the library. There is a separate Digital Library having 60 computers running on high speed internet. The library system and staff is meticulously focused for providing comfortable, user friendly environment so as to enables learning and knowledge creation. Learn More

Facilities and Services

Find out about the facilities available to Library visitors, including WiFi, copying and scanning.

Digital Library and Wifi

Computers in the Library are connected to the internet and have specific resources to aid your research. Black-and-white and colour printers are available. WiFi is free to anyone with a laptop or mobile device.

Inter-library Loans

We supply books and copies of books to other institutions, through the inter-library loans by DELNET.

Digital Learning Center

We provide facilities to conduct sessions, workshops, webinars and video conferencing system to the faculty and research scholars.

Institutional repository

We archived all the in-house publications like articles, theses, project reports and club activities.

Research Support

The Library offers a range of support services for the research activities of the faculty, fellows and students of PSG Tech. We provide services, resources, and expertise to support every phase of the research - from discovery and design to creation, strategic positioning and sharing.

Remote Access

Remote access to library resources such as E-Books, E-Journals and E-Databases.

Knowledge and Service

B.E Computer Science Engineering

Research - Brief

Research

The Department has undertaken research projects sponsored by AICTE, UGC, DST, DRDO, Nokia, and CORDYS. The Department has signed MoUs with CORDYS, Yahoo, HP, Emurgo, Nokia, Verticurl and Impiger. The department has established specialised laboratories on Open Source Systems, Bigdata & cloud computing and Centres of Excellences in Artificial Intelligence, Security Infrastructure and Assistive devices with CTS, CORDYS, Yahoo, Nokia, Impiger, HP and DST. The major areas of research and consultancy of the department include Artificial Intelligence & Machine Learning, Cloud Computing, Computer vision, Assistive Devices, Modeling and Simulation, Communication Networks, Privacy & Security, Big Data Analytics

Research Areas | Recognized Guides

1. Artificial Intelligence including Machine Learning, Deep Learning, Cognitive Computing, Natural Language processing and Big Data Analytics
2. Cloud Computing
3. Wireless Sensor Networks
4. Mobile Adhoc Networks
5. Personalized Information Retrieval
6. Database Integration
7. Privacy and Security
8. Embedded systems
9. Computer Vision
10. Assistive Devices

Special Lectures Delivered

S.No.	Delivered By	Event	Topic	Organizer	From	To
1	Ms.Thirumahal R	FDTP on "CS8091" - "Big Data Analytics"	Association Rule Mining, Apriori algorithm, Evaluation of candidate rules.	PSG INSTITUTE OF TECHNOLOGY AND APPLIED RESEARCH	20/07/2022	20/07/2022
2	Dr.Sudha Sadasivam G	Framing COs and calculating attainments	Framing COs	PSGITECH	05/03/2022	05/03/2022
3	Dr.Sudha Sadasivam G	Emerging Trends in Industry 4.0	Cloud Computing in Industry 4.0	CIT	07/01/2022	07/01/2022
4	Dr.Lovelyn Rose S	One Day Workshop on "R Programming"	R Programming	PSGR Krishnammal College for Women	03/12/2021	03/12/2021
5	Dr.Sathiyapriya K	The Value of Analytics and Security in Healthcare	Privacy in Healthcare Analytics	Department of CSE, IT and PSG CARE	01/12/2021	01/12/2021
6	Dr.Sudha Sadasivam G	Value of Analytics and security in Healthcare	Machine learning approaches for screening for Dyslexia	PSG CARE	29/11/2021	04/12/2021
7	Ms.Bharathi A	Faculty Development Programme on "Building Deep Learning Models Using Python"	Basics of Python	PSG CARE	06/09/2021	11/12/2021
8	Ms.Swetha N G	3 Week Online FDP on Android Application Development	Android Widgets and UI Components	Dept of CSE and MCA with PSG CARE	15/04/2021	05/05/2021
9	Dr.Suriya S	3 Week Online FDP on Android App Development	Layout and Different types of layouts in Android with Hands on	PSG CARE - Dept. of CSE & Dept. of MCA	15/03/2021	05/05/2021
10	Dr.Sudha Sadasivam G	The power of teacher-student relationship	Teaching learning process	CIT	22/02/2021	24/02/2021
11	Dr.Sudha Sadasivam G	The Power of Tecaher-student relationship in determing success	Teacher student relationships	CIT	01/02/2021	06/02/2021
12	Dr.Indumathi D	DBT course-Data Structures	Algorithms	Dept. of CSE and BT	01/02/2021	28/02/2021
13	Dr.Indumathi D	Certificate course in Cyber security and Data Science 2021	Data Mining	PSG CARE	01/01/2021	30/06/2021
14	Dr.Lovelyn Rose S	AICTE Sponsored six days Short Term Training Programme (STTP) on “Research Challenges and Emerging Trends in Ontology and Data Science for Deep Learning	"Deep Learning – Basics & Algorithms	MVJ College of Engineering, Bengaluru	07/12/2020	12/12/2020

ASMITHA R	Ethiraj College for Women, Madras University,Chennai	MBA

B.E Computer Science Engineering

Student Association

CSE Association

CSEA, the disciplinary association for the Department of Computer Science and Engineering, stands as a platform to help the students enhance their practical knowledge through various events like group discussions, seminars, workshops and guest lectures. The association also helps the students improve their technical skills through various competitions throughout the year.

Faculty Advisor: Ms.Arul Jothi S

Secretary: Shivani B

Joint Secretary: Dhilip Sanjay S ,

Treasurer: Gowreesh R, Aishvarya G, Janarthanan K, Adhitya Sreeram, Harismithaa L R

S.No.	Date of the Event	Title of the Event	Event Summary
1	07/05/2021	Placement and Career Opportunities	Guest lecture
2	31/03/2021	Digital Marketing and its Trends	Guest lecture
3	27/03/2021	Introduction to Android Security	Guest lecture & Hands on session
4	21/01/2021	Tech war	Technical event for Iyr students
5	20/01/2021	Brainworks	Technical event
6	18/10/2020	Kaun Banega Codepathi	The event is more similar to the well-known television programme “Kaun Banega Crorepati?” which is a quiz-based game. Unlike this television show, In “Kaun Banega Codepathi? ”the plan is to throw questions more related to computer science stream.
7	18/10/2020	Kryptomaniac	Kryptomaniac basically deals with cryptography and steganography. This event also includes a coding round, where the participants have to code the logic of encryption. No previous knowledge of encryption techniques required.
